Rizvi College of Engineering

University of Mumbai

2024 -2025

Certificate

This is to certify that the mini-project entitled **"Title of project"** is a bonafide work of "**Name of students"** (Roll No.:) submitted to the University of Mumbai in partial fulfillment of the requirement for the Mini-Project 1A/2A for Second / Third Year of the Bachelor of Engineering in **"Artificial Intelligence and Data Science Engineering".**

Rizvi College of Engineering,
Off Carter Road, Bandra(W), Mumbai-400050

Declaration

We declare that this written submission represents our ideas in our own words and where others' ideas or words have been included, we have adequately cited and referenced the sources. We also declare that we have adhered to all principles of academic honesty and integrity and have not misrepresented, fabricated, or falsified any idea, data, fact, or source in our submission. We understand that any violation of the above will be cause for disciplinary action by the Institute and can also evoke penal action from the sources that have not been properly cited or from whom proper permission has not been taken when needed.

ABSTRACT

The 500 word abstract shall highlight the important features of the project report.
Write your abstract here : description of work.
Keywords : Keyword1, Keyword2, Keyword3

Index

List of Figures

List of Tables

Chapter 1

Introduction

It shall justify and highlight the problem posed, define the topic, and explain the aim and scope of the work presented in the report. It may also highlight the significant contributions of the investigation

Chapter 2

Review of Literature

Present a critical appraisal of the previous work published in the literature pertaining to the topic of the investigation.

Chapter 3

Report on the Present Investigation

- Experimental setups, procedures adopted, techniques developed, methodologies developed and adopted.

- While important derivations/formulae should normally be presented in the text of these chapters, extensive and long treatments, copious details and tedious information, detailed results in tabular and graphical forms may be presented in Appendices. Representative data in tables and figures may, however, be included in appropriate chapters.

- Figures and tables should be presented immediately following their first mention in the text. Short tables and figures (say, less than half the writing area of the page) should be presented within the text, while large tables and figures may be presented on separate pages.

- Equations should form separate lines with appropriate paragraph separation above and below the equation line, with equation numbers flushed to the right.

Chapter _

Results and Discussions

Results shall include a thorough evaluation of the investigation carried out and bring out the contributions from the study. The discussion shall logically lead to inferences and conclusions as well as scope for possible further future work.

Chapter _

Conclusions

Conclusions derived from the logical analysis presented in the Results and Discussions Chapter shall be presented and clearly enumerated, each point stated separately.

Appendix

Detailed information, lengthy derivations, raw experimental observations etc. are to be presented in the separate appendices, which shall be numbered in Roman Capitals (e.g. "Appendix I").

Chapter _

Acknowledgements

I am profoundly grateful to Prof. GUIDE NAME for his expert guidance and continuous encouragement throughout to see that this project reaches its target.

I would like to express my deepest appreciation towards Dr. Varsha Shah, Principal RCOE, Mumbai, and Prof. _____ HOD_____ Department whose invaluable guidance supported me in this project.

At last I must express my sincere heartfelt gratitude to all the staff members of the Artificial Intelligence and Data Science Engineering Department who helped us directly or indirectly during this course of work.
